Homemade Play Dough

WOW!'s homemade play dough is created using the flour produced from the rice grinder in the Market exhibit! You can use rice flour or regular all purpose flour in this recipe. Kids love making the dough almost as much as creating with it!

Recipe

3 cups flour

1.5 cups salt

6 tsp. cream of tartar

3 tbsp. oil

3 cups water

Pour all ingredients into a large pot. Stir constantly over medium heat until a dough ball forms by pulling away from the sides. Knead dough until the texture matches play dough (1-2 minutes). Store in plastic container. It can be kept in the fridge and should last for approximately 3 months.
