My Visit To WOW!

WORLD OF WONDER
CHILDREN'S MUSEUM

I am going to WOW! Children's Museum today!

I will explore the Museum, learn new things, and have fun.

When we get to the Museum, we will check-in at the front desk.

People who work at WOW! wear aprons and have a name badge.
They are grown ups that can answer my questions or help if I get lost.

WORLD OF WONDER
CHILDREN'S MUSEUM

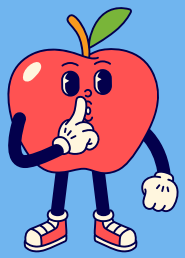

There are some fun and easy rules for our trip to WOW!

I will stay with a grown up

I will use my walking feet and keep my shoes on

I will use my inside voice and be gentle with the toys I touch

I can ask the people who work at WOW! for headphones if things are too loud or a vest to help keep my body calm.

The first exhibit we might see is the <u>Ship!</u>

From the top of the ship I can look all around the whole museum.

Under the ship is a quiet space and I can see the fish tank.

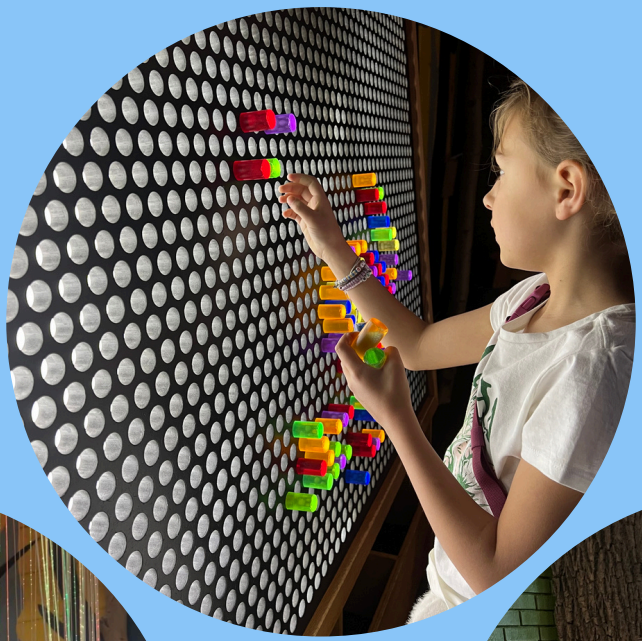

Another exhibit we might play with is called <u>Make It Go!</u>

I can build a toy car and race it down the ramp! If there are other kids at Make It Go, I can wait and take turns.

Another exhibit we might visit is the Forest of Light!

It is dark in this room and there are a lot of fun things to look at and touch.
I will remember to use gentle touches.

Another exhibit we might visit is the <u>Bubbles!</u>

This is where we make giant bubbles! I will step over the water onto the blue circle.
I will be careful to step over the water. If I fall in the water, I will get wet.

Another exhibit we might visit is the <u>Wind Room!</u>

I can turn on the fan and watch scarves and balls fly in the air. I can ask my grown up for headphones if I need.

If I get hungry, I can ask my grown up for a snack!

In the snack area there are tables and chairs. This is the only place inside the museum where I can eat food or have a drink.

There are so many fun things to do at WOW!

Here are pictures of other exhibits we might see!

If I need a break, I can ask my grown up to help me find a quiet place to relax.

I can go back and play when I am ready!

At the end of our visit, people who work at the front desk will say goodbye.

I had a great day at the WOW! Children's Museum!
